8:21 End of Presentation (10 minute discussion open)

- Q: Aznavoorian: Why is there a clause that says the senator must notify senate chair and vice chair 48 hours before?
  - A: certain flexibility with extenuating circumstances
  - Chair: nothing in the bylaws right now so it is up to the chair's discretion currently
- Q: Shamsi: Can you clarify what project has value and when the project needs to be worked on?
  - A: starting a week early could count but you could run the risk of getting impeached
  - Follow Up: When can you impeach someone? There should be some sort of timeline

- Q: Azanvoorian: Will the direct election of CAS senators be expedited for this upcoming election?
  - A: this does not take place until after commencement
- Q: Shamsi: If CAS does not go forward with direct elections, what happens then?
  - A: (Kapadia) still a constitution in CAS that does not supercede BU Student Government's constitution
  - A: (Shah) neither organization is required to acknowledge the other organizations' rules
  - A (Brumfield): important to note that freshman senators will still be appointed under the current draft of the bylaws. This would nullify those freshman senators as being senators
- Judicial Opinion
  - Questrom Ruling: make sure senator process abides by BU Student Government's constitutional process according to the constitution
  - CAS Constitution
    - Article XI, Section 1b refers to the BU Student Government Constitution
    - Judicial been working with CAS to find compromise to meet needs with all parties
  - BU Student Government
    - Article I, Section I: college government shall grant access to respective colleges to elect student government
- Q: Anznavoorian: Why are there time constraints on proposals?
  - A: senate sessions are 2 hours and want to make sure we have restriction to prevent it going from 2 hours limits
  - Follow Up: Why is it not up to the senate chair? Why do we need to put clauses if we are already doing that?
    - A: in the current bylaws
    - A: keeps in the senators hands rather than senate chair...more objective

A: Yes, other events are held there

Shamsi: Is there a place where info about the spring festival has been posted?

A: Not yet, this is out first announcement

Samuels: How are you choosing who the student performers are?

A: Right now, we have a working list. I'll send the slack for suggestions. "Me being me, I ranked them by the amount of monthly listeners on spotify"

Justice Keusch: Has there been any discussion about transportation for the formal?

A: Not yet. The challenge is, we need to know how many T-passes are needed. This would be a little hard.

Aznavoorian: Can we talk to Uber or Lyft about getting money off? Perhaps a promo court?

A: My COS met with Lyft. But we would have to pay for it on the back end, so this is contingent on the allocations board.

8:57: SR010 (Impact and Q Resolution)

- Gender Neutral housing, LGBTQ+ Task Force
- Trigger warning

## HOUSING:

- Quotes of examples: Gender Neutral housing causing trauma in students
  - GN housing is in the more expensive dorm options
- No process for freshmen to designate GN housing
- Limited availability, no priority access for those who must live in GN housing
- Housing portal has no way to designate pronouns
- Ongoing issue: decades of evidence

Solution: BU needs to update the housing portal, expand available GN housing options

## TASK FORCE:

- Over 3 years– no designation for students, only employees

9:01: Time elapses

9:06: Balboa: are you aiming for all freshman students to have access to GN housing? Or all dorms to have it?

A: One of the barriers is cost. So it incorporates both, as GN housing is in upper-class, more expensive dorms

Aznavoorian: How will you mitigate this cost?

A: We want to open it to the cheaper dorms, and get financial aid for others

Follow up: Will every circumstance cost the same?

A: I'm not sure but I can ask BU Q to follow up with you

Shamsi: I had a meeting with Dean B, who mentioned Peer and Peer+ institutions. I will share this with you

Newell: What is the plan for tackling anonymity for these circumstances?

A: Yes, the surveys will be anonymous
